

International Society of Cardiovascular Disease Epidemiology and Prevention

ANNOUNCEMENT

44th Ten-Day International Teaching Seminar on Cardiovascular Disease Epidemiology and Prevention, January 15-27 2012, Cape Town, South Africa

The International Society of Cardiovascular Disease Epidemiology and Prevention announces the 44th Ten-Day International Teaching Seminar on Cardiovascular Disease Epidemiology and Prevention to be held in January 15-27 2012 in Cape Town, South Africa in conjunction with the South African Medical Research Council and the University of Cape Town. Approximately 36 Fellows can be accepted. The final selection will be made by the Society's Seminar Committee. Nominees should normally be at the postgraduate level with residency training or its equivalent, and be interested in cardiovascular disease epidemiology. Normally, preference will be given to younger candidates, with little or no formal training in epidemiology. Tuition, board and accommodation are provided without cost to fellows. Fellows and their sponsors are responsible for their own travel costs to the seminar.

FLUENCY IN ENGLISH IS AN ABSOLUTE ESSENTIAL

Should any accepted Fellow be unable to attend, no substitute not reviewed by the Seminar Committee may be sent as an alternate by the institution.

Applications, including (1) a letter of nomination by chief of department or institution, or other relevant sponsor (2) a personal letter of application from the nominee, and (3) the applicant's curriculum vitae, should be received before September 15th 2011 by the seminar coordinator address below. Applications can be sent by email but a hard signed copy should follow in the post.

Professor Kay-Tee Khaw,
Clinical Gerontology Unit, Box 251
University of Cambridge School of Clinical Medicine,
Addenbrooke's Hospital,
Cambridge CB2 2QQ,
England.
